

Applications are now being accepted for the
**Los Angeles Biomedical
 Research Institute**

Summer Fellowship Program

For High School Seniors

Spend the summer working with leading biomedical scientists.

This annual program is designed to encourage graduating high school seniors to explore careers in the field of biomedical science. Selected students will work in biomedical research laboratories, assisting with research in areas such as:

Biochemistry	Endocrinology/Hormones	Neuroscience
Cancer	Infectious Diseases	Nutrition
Cardiovascular	Kidney & Liver Diseases	Pediatric Diseases
Computers in Biomedical Science	Genetic Disorders	Perinatology/Neonatology
Dermatology	Mental Health	Pharmacology
Diabetes	Molecular Biology	Respiratory Diseases

Dates: Monday, June 21, 2010 through Friday, August 13, 2010

Hours: Full-time, Monday through Friday

Stipend: Fellows will receive a stipend of \$2,160

Deadline: Complete applications must be received by Friday, March 12th, 2010

To Apply: See your Science Department Chair or Career Counselor or visit us at www.labiomed.org
